## 4.Swinford Annual Report

### 1 Community Engagement

#### How did the Parish inform the local community of the opportunities available through the fund?

This was done at each Parish Council meeting. In addition, information was put in The Five Parishes Newsletter (5P), which is published monthly. All the other information was placed on the two noticeboards for people to read.

There were opportunities at Council Meetings for individuals and groups to obtain necessary application form. These forms were returned to the Parish Clerk and handed on to a sub-committee, (a small group of residents who have no affiliation to the application). The sub-committee made it recommendation to the Parish Council. A questionnaire was delivered to all households of which only 32% were returned. Early next year 2017 residents will be consulted again as part of Swinford's neighbourhood planning process.

## 6. Misterton with Walcote Annual Report

### 1 Community Engagement

#### **How did the Parish inform the local community of the opportunities available through the fund?**

As before, Misterton with Walcote Parish Council publicised the availability of grants via a leaflet, delivered to every household in the village. This was distributed early in December 2015, along with the local free paper. In addition, notices were displayed on the Parish notice board and information was available on the website. We decided this year that a second leaflet was not needed as most village groups have now become familiar with the application and awards cycle. Wind farm grants were also publicised at each Parish Council meeting from November 2015, through to the application closing date at the end of February 2016. In addition, to reach other groups active in the village who had never applied for funds, a letter was sent to each hall user advising them that grants may be available. Successful projects continue to display plaques detailing the Windfarm's involvement with project funding. We are still hoping that smaller, A6 sized plaques, which could fit into smaller spaces, will become available.

#### **How did the Parish involve the local community in the development of ideas and decision making around the fund?**

Applicants were invited to attend the Parish Council to further explain the benefits expected to be gained from grants received. Parishioners were also invited to express their views, especially during the Parish Council meetings on 3<sup>rd</sup> March and 28<sup>th</sup> April 2016. During this cycle fewer applications were received. However, a number of local groups told us informally, that they decided to hold back, so that there would be little competition with the group working towards the reopening of our local pub! Additionally, several felt that after a number of successful bids, they would not apply during the 2016 cycle. At each Parish Council meeting, parishioners were given an opportunity to ask questions or make suggestions, comments and observations. The decision making process, as part of the Parish Council meeting, was open to the public. Apart from expressing overwhelming support for the application from the Black Horse, no one expressed any other opinions.

### 2 Fund Administration

#### **Please detail how the administration of the fund was approached during the year to ensure that the fund was administered in an open and transparent manner:**

All applications were discussed and considered, in front of a number of interested parishioners, at the Parish Council meeting on 28<sup>th</sup> April, when the Parish Council decided which applications would receive funds during this funding cycle. Each applicant was invited to come to the Parish Council meeting to add further information to their application, both in March and April. Minutes of the meetings, detailing discussions and decisions, were available on the Parish notice board and remain available on the website. A

representative of the Parish Council attends the CIC meetings and reports back to each Parish Council meeting. Feedback from parishioners and recipients has been entirely supportive during this funding cycle.

### **3 Applications to the Fund**

**Please provide a list of all applications made to the fund from your Parish this year:**

- Misterton with Walcote Parish Council – application later withdrawn as another funding stream became available
- Black Horse Community Benefit Society Limited
- GottaDance

**Please details of which applications for funding in your Parish were successful and why:**

Black Horse Community Benefit Society Limited received an award of £6000 to help cover the cost of insurance, rates, solicitors fees, materials to refit the building (labour has been freely given by the local community) and other costs involved in the re-establishment of a public house within the village. The Parish Council agreed with the applicants who suggested that all the community could benefit from a new pub. Without a pub, there has been nowhere for people to meet informally, making it much more difficult for new residents to get to know their neighbours and increasing feelings of isolation amongst people who live alone. A pub would not just provide refreshments and food, but can also support other local businesses who provide the food and drink served and can be a source of local employment, especially for young people who appreciate the opportunities to work as pot washers and waiting staff. Therefore, we agreed that this application more than fulfilled the fund's priorities.

Misterton with Walcote Parish Council withdrew its application to replace stiles with kissing gates on a number of local footpaths when they secured funding for this from another source.

GottaDance has applied for help to install a sprung floor in the Memorial Hall, but there are still a number of issues to be resolved before this application can be determined.

### **4 Accounts and Records of Expenditure**

**Please provide a full record of your accounts and records of expenditure over the last year, including copies of any relevant receipts. This should include accounts from any parish councils or meetings and / or expenditure by these bodies that relate to the community fund.**

The following grant applications have been approved by Misterton with Walcote Parish Council during the year:

No.	Description	Supplier	Amount
1	Miscellaneous costs involved in reopening the Black Horse as a Public House	Black Horse Community Benefit Society Ltd	£6,000.00
		<b>Total:</b>	<b>£6,000.00</b>

## 5 Forward Look

**Please outline your plans for the fund over the next year. This should include a broad timeline, how you plan to inform residents about fund opportunities, what activities you are planning to engage in with the communities and when you expect to make you final decisions on fund allocation.**

At present, it is intended to adopt a similar schedule again in 2016-17. Already organisations in the village have been talking about the funding cycle and are aware of the process adopted by Misterton with Walcote. Publicity materials have been prepared ready for distribution and will be sent to each house in late November / early December 2016. Windfarm grants will again form part of every Parish Council agenda between now and April 2017. In addition, the Parish Council will again liaise with the Community Trust (the hall management group) to ensure each hall user is informed directly about the grants. With increasing awareness and demand, the Parish Council is considering a more formal consultation on each application, prior to decisions in March / April 2017. Indeed, should applications received exceed the funds available, the Council is mindful to hold an open evening for parishioners to learn more about each project and to canvas local opinion before deciding fund allocations. It seems likely that, after 'holding back' for the last year and with the pub set to reopen imminently, there may be a surge in applications during the next cycle.

Canvassing parishioners has shown support for a single date for applications and funding decisions. Two of the main receiving bodies (the village hall and church) mentioned that they found the annual cycle with one application date helpful. However, as these groups have been successful, they may be more likely to support the existing system. The Parish Council finds the single date useful, allowing it to consider all the applications simultaneously. Nevertheless, we are aware that the system may be a little inflexible, if important and urgent appeals for funds are made once the grants have already been allocated. This year we have allowed the GottaDance application to remain under consideration beyond the usual decision date, due to the more complicated negotiations, involving suppliers, the Memorial Hall and other users, showing that the single decision date can be flexibly applied.

Successful applicants continue to display signs showing the support of Vattenfall and the Eight Parishes CIC, indeed one has already been provided

to the Black Horse, but we hope also to secure smaller signs for situations when A5 boards are too large.

The Parish Council has already had several expressions of interest from groups within the village, who have already indicated that they are expecting a similar pattern to be used during the 2016-17 cycle.

The community has embraced the opportunities offered by the fund and is grateful for the improvements so far secured.
